Are you going to get it over again,
Saying that we're just friends,
Starting over from the start after all we've been thru'
Are those 3 words meaningless to you?

Going back to the start,
can only remind me what we were up to,
the memories we built with the sand the castle where
our love stand
is gone by the shores that is raging on

Pre chorus:
so I should let you go
and I should let you know

c/o
If you wanna go away,
Walk out the entrance of my heart,
you'll find your way back in,
cuz' I'm always be there,
Holding a picture of us

I should be less asking
If our love aint de|ser|ving,
Let the memories be washed away
if you really cannot stay
when i close my eyes i'll hope you'll be there

Maybe its just not enough
Your hands i held by the beach
saying forever just too soon
it would turn out that
you're the one that I love
And you love me and you leave me, so

c/o:
If you wanna go away,
Walk out the entrance of my heart,
you'll find your way back in,
cuz' I'm always be there,
Holding a picture of us

Maybe all I need
is just you and me
Like the old times when we sail through the sea
but now I'm just
Holding a picture of us

Bridge:

I can't lay back on the ground,
If I can't be with you around,
Not after all those time,
You promised me you're mine.
I'll turn back the time.

c/o

If you wanna go away,
Walk out the entrance of my heart,
you'll find your way back in,
cuz' I'm always be there,
Holding a picture of us

Maybe all I need
is just you and me
Like the old times when we sail through the sea
but now I'm just
holding the picture of us
