A better day is coming for mankind,
for a United States and peace of mind
The envy of a nations dream, may lead to strife
But what gives man the right to take
Another mans life?

So im calling America, to help me ease the pain
I'm calling America, so i can live again,
I'm calling America, shine your light
For all to see,
I'm calling on those stars and stripes
To make a patriot of me

Citizens both young and old
Lets fight for glory, not for gold
Raise your banners to the sky
I know its hard sometimes to be strong
When you've suffered for so long

Chorus

So im calling America, to help me ease the pain
I'm calling America, so i can live again,
I'm calling America, shine your light
For all to see,
I'm calling all those stars and stripes
To make a patriot of me

Lets raise our banners to the sky
A declaration of our lives
To fight for freedoms family
Defending truth and liberty
Help futures children to be free
Remembering Martin Luther's dream

So im calling America, to help me ease the pain
I'm calling America, so i can live again,
I'm calling America, shine your light
For all to see,

Can't you hear me
Calling calling Calling

Calling, calling calling
Calling America...
I'm calling all those stars and stripes
To make a man of me
