I trip, I fall, I catch myself  
Even wishin' I was someone else  
I'm never where I'm supposed to be  
I laugh out loud at stupid things  
When I'm nervous I've been know to sing\*  
I'm not sure what I should believe

I don't know who I am yet  
But I know who I want to be

It's an adventure  
Finding the real me  
I'm a reflection (a reflection)\*  
Of everything I see, yeah  
I can't wait to discover (ohohohhh)\*  
I know I'm gonna love the  
Real me

I stumble, I crumble when you're near  
And all of my thoughts just disappear  
I find myself in an awkward spot  
I'm losing all my sleep at night  
The only question in my mind  
Does he love me, does he love me not?

I build up my confidence  
With every experience

It's an adventure  
Finding the real me  
I'm a reflection  
Of everything I see, yeah  
I can't wait to discover  
But I know I'm gonna love her  
Real me

An adventure  
Finding the real me  
I'm a reflection  
Of everything I see, yeah  
I can't wait to discover

But I know I'm gonna love her  
Real me
