Chorus:

Lady Iâ€™m into you
And now Iâ€™m about to do
The things I was waiting for
Letâ€™s make love on the floor
Lady Iâ€™m into you
And now Iâ€™m about to do
The things I was waiting for
Letâ€™s make love on the floor

Verse 1:

I like the way that you wind
Give it to me baby when I pay you in dimes
Come here, I want you to feel
My bodyâ€™s so close, letâ€™s make it real, real
What sex if you donâ€™t strip
Loud mamma, cause you are my dream
Donâ€™t stop, show me your best
Ima make you shout, do it loud from the chest

Lady I fall for the rhythm
Giddy up if youâ€™re just a dreamer
Giddy up if you love the rhythm
Giddy up if you love the freedom,
Come get a piece of me
I wanna be the one who loves you down
I wanna be the one you see, but baby girl now
Get under my skin, help me get in
I wanna taste you girl
Come here, let me be the one you need
â€™Cause

Chorus:

Lady Iâ€™m into you
And now Iâ€™m about to do
The things I was waiting for
Letâ€™s make love on the floor
Lady Iâ€™m into you
And now Iâ€™m about to do
The things I was waiting for
Letâ€™s make love on the floor

What sex if you don't strip
Loud momma, cause you are my dream
Don't stop, show me your best
Ima make you shout, do it loud from the chest

Lady I fall for the rhythm
Giddy up if you're just a dreamer
Giddy up if you love the rhythm
Giddy up if you love the freedom,
Come get a piece of me
I wanna be the one who loves you down
I wanna be the one you see, but baby girl now
Get under my skin, help me get in
I wanna taste you girl
Come here, let me be the one you need
'Cause

Chorus:
Lady I'm into you
And now I'm about to do
The things I was waiting for
Let's make love on the floor
Lady I'm into you
And now I'm about to do
The things I was waiting for
Let's make love on the floor
Lady I'm into you
And now I'm about to do
The things I was waiting for
Let's make love on the floor
