Oh, oh, oh
Oh, oh, oh
I'll write your name
Up in the sky
So that everyone who sees it
Knows you're mine

VI:
Lady, Lady, Lady
How you doing?
I'm wondering if you wanna fall in love
If you wanna fall in love

Maybe we can start a revolution
Together we can have a little fun
We can have a little fun

I know this sounds a little bit crazy
But this could be more than just
A random hook up

And lady, lady oh lady
I'll still be with you
When the sun comes up

Chorus:
I'll write your name
Up in the sky
So that everyone who sees it
Knows you're mine

I'll write your name
Up in the sky
So that everyone who sees it
Knows you're mine
Oh, oh, oh
Oh, oh, oh

VII:
Lady, Lady, Lady
Keep it moving
Get closer to me

Show me what you got
Show me, show me
What you got

Every inch of you girl I'm pursuing
Together we can have a little fun
We can have a little fun

I know this sounds a little bit crazy
But this could be more than just
A random hook up

And lady, lady oh lady
I'll still be with you
When the sun comes up

Chorus 1x

I wanna to, to, touch your body
Tou, tou, touch your body
Tou, tou, touch your body
Tou, tou, touch...

I wanna ah, ah, your body
Ah, ah, ah your body
Ah, ah, ah your body
Your body

Oh, oh, oh
Oh, oh, oh,

Chorus 3x
