Why should I join a breed
That brings one another down?
Group behavior, group as the savior
A circus filled with clowns
Who are these men? Why are they here?
What do they want?
Ruling class, ruling by fear,
Something I am not!
All my life I've felt the push
It's caused me pain
Dilute my system, just to be with them
Why numb my brain?
A pint of fear, a quart of heart,
Is all they've got
Ruling class, ruling by fear,
Something I am not!
JUST SAY NO!!!
NO !
JUST SAY NO!!!
