All year round we wait
until we've got time to waste
on another saturday
at your beck and call
(I'd do anything to make you move)
I couldn't think of anything better at all
(I'd do anything to make you move)
I couldn't think of anything

What do you expect
when we've got one more chance
we've got innocence
and we've got our foot in the door

(we want what you want, we just want it more)

I guess time flies when you're feeling this good.

What do you want to be
when you grow up?
I wanna do this everyday of my life, I never want to stop
It's no illusion what I feel

STOP DREAMING
YOU'LL NEVER MAKE IT
YOU'VE GOT YOUR LIFE NOW
SO DON'T WASTE IT.
