We should have a sit right there
On the top of these sea rocks
Under this sun when it brighter shines
I should kiss your lips right now

Please can take a picture, guys?
While I'm kissin this fine girl
â€œCould be my last chance to remember how...
... how much you were in love...â€

Because
Sooner or later will end
All this will end for ever
So what does it serve one kiss

I remember what you said
Memories are all the same
All the bad ones as the good ones
I do not need both of them

Because
Sooner or later will end
All this will end forever
Give me one last kiss before
All this will end forever
So what does it serve one kiss
