Breathing. Got strength back in my knees.
Believing that this is not the end...this is not the end.
I'm seeing things so clear and there's no turning back
now, not this time.
My cell has opened along with my eyes and i'm back
where i belong.

These seconds that we have fly by and we're the ones
to blame, though we try to make it right.
So you watch as we decay, we'll try to win the fight to
start another day.
No time to waste on yesterdays.
We raise our bottles for today, surrendering to what we
love!
Though we don't forget that sinking ship,
Here and now, we're breakin' out.
