I heard you walked far away
nothing is left for today

you see like me but instead
you'r wrong i am right

its not today

Cuz i keep feeling that i am kneeling
what did you hide all this time

Dying sorrow no tomorrow
feeling like i can't hide

I heard you walked from this place
no more i can see this face

i could and i've known from your smile
you'r only here for a while

Cuz i keep feeling that i am kneeling
what did you hide all this time

Dying sorrow no tomorrow
feeling like i can't hide
