(good morning flood of blood,
good morning everyone)

C-O-double M-O-N

a wave, an awesome wave, that rushes skin and widens in blooded veins
breathe in, exhale, i've poked a nerve, he'll slap me like a whale
slaps the sea O-double M-O-N
tide out, tide in, a flood of blood to the heart and the fear slipstreams
breathe in, exhale, i've poked a nerve, he'll slap me like a whale
slaps the sea O-double M-O-N
flood of blood to the heart
