She may contain the urge to run away
But hold her down with soggy clothes and breezeblocks
Cetirizine, your fever's gripped me again
Never kisses, all you ever send are fullstops
Do you know where the wilds things go
They go along to take your honey
Break down, now weep, build up, breakfast
Now let's eat, my love, my love love love

Muscle to muscle and toe to toe
The fear has gripped me, but here I go
My heart sinks as I jump up
Your hand grips hand as my eyes shut

Do you know where the wild things go
They go along to take your honey
Break down, now sleep, build up, breakfast
Now let's eat, my love, my love love love
She bruises, coughs, she splutters
Pistol shots hold her down with soggy clothes and breezeblocks
She's morphine, queen of my vaccine, my love, my love love love

Muscle to muscle and toe to toe
The fear has gripped me, but here I go
My heart sinks as I jump up
Your hand grips hand as my eyes shut

She may contain the urge to runaway
But hold her down with soggy clothes and breezeblocks
Germoline disinfect the scene, my love, my love love love

But please don't go, I love you so
My lovely

Please don't go, Please don't go
I love you so, I love you so
Please don't go, Please don't go
I love you so, I love you so
Please break my heart

Please don't go, Please don't go
I love you so, I love you so
Please don't go, Please don't go
I love you so, I love you so
Please break my heart

Please don't go, I'll eat you whole
I love you so, I love you so, I love you so
Please don't go, I'll eat you whole
I love you so, I love you so, I love you so
