- \*Beat 'Em Down

When I'm falling down  
how in hell could I know  
Break me  
When I'm on my knees  
how in hell could I know  
Break me down

I wanna beat them down  
I wanna beat them down  
I wanna beat them  
but I fall for everyone  
I wanna beat them down  
I wanna beat them down  
I wanna beat them  
but I fall for everyone  
Like to sort of beat them  
down down yeah yeah  
down, down, down  
down and out

When I'm passing out  
how in hell could I know  
Break me  
When I'm on my back  
how in hell could I know  
Break me down

\*Master Celebrator

Bow your head and fold your hands  
Master celebrator  
No one gets a second chance  
Master master  
Raise your voice and start to speak  
Master celebrator  
Climb the mountain to it's peak  
Master celebrator

But I don't know, I don't know  
who knows  
No one no one seems to do any better  
when they cross the border  
No one no one seems to do any better  
when they cross the border line  
Well I'm fine

Raise your head and say the word  
Master celebrator  
Find a way to fool the herd  
Master master  
Fill their heads with empty phrases  
Master celebrator  
Look into their hollow faces  
Master celebrator

Looking back through the years  
what history tells us  
\*Perfection

Well I look through  
a window and I see  
Some people lying  
on strange contraptions  
Moving their bodies  
up and down  
a futile struggle to gain perfection

Yeah Yeah Yeah Yeah  
Yeah Yeah Yeah  
and I wonder  
Yeah Yeah Yeah Yeah  
And I walk down and wonder  
How in hell now this could be

And I find it amusing in a way  
This pointless waste  
of human power  
you pay to be strapped

to a machine  
the price you pay  
to gain perfection

One time, one more time  
You keep repeating,  
keep repeating  
till you get a cramp  
until you get a cramp  
\*In A Rhyme

Ticke ticke talking  
around my head  
voices everywhere  
covering my ears  
and hope they will  
vanish in the air

Some precious moments hoping  
they will last forever  
some precious moments

For a while I find everything I need  
For a while I find everything I need

Ticke ticke talking  
within my room  
staring at the wall  
memories are passing  
through my mind  
and I can recall  
\*Pleasure Is To Be Insane

I'm getting sick and tired  
of running 'round getting nowhere  
I beat my head against the wall  
the situation now  
is getting tense so uncertain  
it's time to realize my goal

But I can get away  
and I can get away  
and hope that it will last  
I can get away and  
I can get away  
or I can stay a while  
but it happens yeah it happens  
and it happened yeah  
it's happening to me  
and I greet insanity  
But pleasure is to be insane

pleasure is to be insane  
never sound never rational

And I'm spinning around  
And around  
then I can see my own reality

I'm getting sick and tired  
of wasting time being social  
I need diversion for a while  
It's time to understand  
that sanity is overrated  
I can forget it with a smile  
\*Nothing Personal

I can love you I can hate you  
But I got to let you go  
Find a new direction  
I can love you I can hate you  
and I got to let you know  
you won't turn your head  
when you go

When I think about you  
Everything changes  
You you got to go  
You you got to go  
You you got to go  
try to understand  
it's nothing personal  
when I lose control

I can hear you I can see you  
and you got to let me know  
got to see thing clearly  
I can hear you I can see you  
but you got to let me go  
I won't lose my head  
when you go  
\*Don't Pass Me By

I am what I am what I am what I am what I am  
what I am what I am  
I am what I am what I am what I am what I am  
what I am what I am

I overheard your conversation in the night  
It seemed to me that everything you said was right  
I know that you have seen the tragedy of life  
I can't control myself, don't try to pass me by  
Don't ever try to pass me by

\*I Have Seen

I believe in the things I see  
and there's something ain't right  
the reflection in your eyes  
and a fire burning bright  
when you come to me  
in the night  
and you're feeling down  
will you come to me  
in the night when there's  
something that ain't right

I have seen, I have seen  
so much hate in your eyes  
I have seen, I have seen  
and I only want to be a part of you  
I have seen, I have seen  
wish I could understand  
I have seen, I have seen  
Guess I ought to close my eyes

I believe in the things you say  
but there's something  
that ain't right  
the expression on your face  
and your grip is closing tight  
when you talk to me in the night  
try to sort things out  
will you talk to me in the night  
when there's something that ain't right

\*Out Of Bounds

Shitfaced, my way, going on like no tomorrow  
got to try to slow things down  
Shitfaced, no way, going on like no tomorrow  
got to try to slow, I hit the ground

I'm out of bounds  
I'm out of bounds  
Reviewing my options  
Rise again I wanna rise again  
I wanna break the seal  
Wanna break to seal

Fuckface, your way, going on like no tomorrow  
got to try to breath, no chance  
Fuckface, your way, going on like no tomorrow  
got to try to see, ain't got a chance

\*Talking To Remind Me

I really miss being around

people that I love  
I can out myself to sleep  
never have to fight  
I can turn around the key  
never have to trust  
anybody that I meet  
liking the abuse

Oh really

I think I like and I want it to last  
I never know what's going on around me  
My eyes are focussed 'til the end of time  
and I'm talking to remind me

I really miss being around  
people that I hate  
I can take away the pain  
never have to lie  
break away from any chain  
never have to talk  
to a stranger in the street  
liking the abuse

\*In A Moment

This is a place where everything is green and bright  
in a momomomoment  
If you stay a little while you'll see I'm right  
in a momomomoment yeah

You'd better start your meditation  
oooooh if you gonna fly  
you'd better start your meditation  
oooooh if you gonna fly into the light

This is a place where everyone is on your side  
in a momomomoment  
Just relax and sit right back enjoy the ride  
in a momomomoment

\*Trapped Inside

I know that things  
are going wrong for me  
I never really had a chance  
I know that things are going down  
the drain the rapid lane  
and I could need a helping hand

In my mind all the time  
endless iteration  
In my mind all the time

endless irretation  
endless aggravation  
Something is making me  
so lonely and I got to know  
got to know  
got to know what it is

I've got to find a way to get a cure  
and try to get some peace of mind  
I've got to find a way to ease the  
pain inside my brain  
and I could need a helping hand

I know I'm not supposed to see  
I know I'm not supposed to hear  
I know I'm not supposed to say  
I know I'm not supposed  
I'm ready? I'm not?  
It doesn't matter what I think  
It's always there  
\*Invitation

I'm dying in the morning  
have seen what I've wanted and I'm done  
I've given up the battle  
I know that I never could have won

I've got an invitation  
I don't know if I dare  
I've got an invitation  
I don't know if I dare  
I've got an invitation  
to go where I never will have to care

I've thrown away the pieces  
the puzzle will never be complete  
no reason to be sorry  
I put my trust in my belief  
\*Stranded

I feeling kind of lonesome  
I don't know where I am  
could use a new horizon  
some kind of plan  
Silently I'm awaiting the rescue  
gazing into the waves

I'm stuck here cannot get away  
can't stand another torrid day  
the sun is burning on my skin  
I think it's time to pack it in

can't you see I'm stranded

I'm waiting for directions  
to find the easy way  
to everlasting happiness  
a safe place to stay
