Summer in the city, I go for a while
Thoughts in my head, I can't go far
Winter in the city, I glide for a while, thoughts in my
head, I can't go far
I can't go far

Summer in the city, I'm turning around
Word's been said, I can't go far
Winter in the city, I'm spinning around, word's been
said, I can't go far
I can't go far
Far, can't go far, far
Far, can't go far
No

Summer in the city, "I don't know why"
Goes through my head, I can't go far
Winter in the city, "please tell me why" goes through
my head, I can't go far
I can't go far
Far, can't go far, far [x3]
Far, can't go far
No
