In a while I'll be heading down to the grass on the other  
side

And I tell you I will be fine it's such a groovy ride

And when the time is right I know in a fab, fab way  
That all my worries will be gone they will be far, far  
gone

It's such a good thing to know that you will cover me  
tonight

Waited a long, long time in the shade

Alright

Be afraid, cause I'm coming now better try to run and  
hide

Stick around and you will go down, dragged out by the  
tide
