[Originally by Elvis Costello]

Now that your picture's in the paper being rhythmically
admired you can
Have anyone that you have ever desired,
all you gotta tell me now is why, why, why, why,
welcome to the working week
Oh, I know I don't thrill you, I hope I don't kill you,
welcome to the working week
You gotta do it till you're through it so you better get to
it

All of your family had to kill to survive
And they're still waiting for their big day to arrive but if
they knew how I felt
They'd bury me alive

Welcome to the working week
Oh, I know I don't thrill you, I hope I don't kill you,
welcome to the working week
You gotta do it till you're through it so you better get to
it
I hear you sayin "hey, the city's alright" when you only
read about it in books
Spend all your money gettin' so convinced that you
never even bother to look

Sometimes I wonder if we're living in the same land
Why'd you wanna be my friend when I
Feel like a juggler running
Out of hands?

Welcome to the working week [x2]
