So can't you see that,
This girl is bad,
And she's not the loving kind.
Back to back,
You better play your card right.
Don't give in,
I got you beggin' on your knees.
Won't forgive, you gotta win it.

Truth or dare,
Take a chance on me now baby.
Oh-oh-ohhh
Truth or dare,
Take a chance on me my baby.
Oh-oh-ohhh

I see you walkin' round.
You got all my attention,
What you gonna try.
I got a secret plan,
Before the end I'm gonna make you mine.

I can't describe what I feel with you,
Have I gotta hide it.
Oh, tell me now if you feel it too,
Tell you now.

It's truth or dare,
Take a chance on me now baby.
Oh-oh-ohhh
Truth or dare,
Take a chance on me my baby.
Oh-oh-ohhh

So baby don't look down,
I've got something to say,
I know what's on your mind.
And if you hold my hand,
You might be playing with some fire tonight

I can't describe what I feel with you,

Have I gotta hide it.
Oh, tell me now if you feel it too,
Tell you now.

It's truth or dare,
Take a chance on me now baby.
Oh-oh-ohhh
Truth or dare,
Take a chance on me my baby.
Oh-oh-ohhh

I know all your tricks,
Boy you got 'em written all wrong.
Lookin' for a fix,
I can see what it is you really want.
When it comes to me,
It's not what it seems.
But curiosity, will get you what you want,
In your fantasy,
In your darkest dreams,
It's only make believe.

So tell me truth or dare,
Take a chance on me now baby.
Oh-oh-ohhh
Truth or dare,
Take a chance on me my baby.
Oh-oh-ohhh

Truth or dare,
Take a chance on me now baby.
Oh-oh-ohhh
Truth or dare,
Take a chance on me my baby.
Oh-oh-ohhh
