We are young
Pretty strong
And it will last forever
We can fly
Going high
Together make it through the sky

Shining like the shining stars
Doing whatever we want
What a feeling
Hell of dreaming
Living free and
On and on

We're superstars oh oh oh oh ohh!
Come we're having party all night long
Nonstop we're dancing in the dark
Yeah we're superstars oh oh oh!
We're superstars oh oh oh oh ohh!
Come we're having party all night long
Nonstop we're dancing in the dark
Yeah we're superstars oh oh oh!

Been all around the seven seas
Never seen as competitive
Born to be this
Loud and fearless
Bold and free and
Fun and fun
Give you a pose, give us actions
That's the way we all function
Domination's
Full of patience
Situation's
On the floor

We're superstars oh oh oh oh ohh!
Come we're having party all night long
Nonstop we're dancing in the dark
Yeah we're superstars oh oh oh!
