I can see God through the window
The Devil's up ahead
Feast or famine
The scales I will she'd

Is there anyone out there that believes
I believe in God if He believes in me

It's truth or fiction
They're one in the same
It's a broken religion
A bottomless cave

It's not that I haven't heard
I've heard too much
It's survival of the fittest
Not using a crutch

Are you finished with me now
Are you finished with me

Like a deer in the headlights
I'm begging to be fed
Stopped in mid stride
I could not turn my head

It's not that I'm a bad guy
I'm just not good enough
I came as I was
And I was not good enough

There are treasures in the heavens
There are treasures underground
And some of us are lost
And some of us think we are found

The blind leading the blind
It never ends well
I keep my faith to my faith
And I keep myself to myself

Are you finished with me now

Are you finished with me
