Don't say we're going home now  
Don't wanna be alone now  
We've got nothing that can't wait  
Oh yeah

Hold on what's the problem  
All I know is I ain't got 'em  
Hold on let's see what come our way

Pick Up the beat get your butt back on the floor  
Cuz we're staying

### CHORUS

Come on and let's dance ourselves sober  
No way we're leaving not 'til it's over  
And we won't stop, even when the sun comes up  
Come and let's dance ourselves sober  
Come on come on get off of my shoulder  
We'll be ok just dancing the night away

Can't walk along a straight line  
Grow up don't tell me you're fine  
I'm not buying what you're saying

Pick Up the beat get your butt back on the floor  
Cuz we're staying

### CHORUS

You ok? You alright?  
No way we're going home tonight  
So let's dance until we fall into the light

Come on let's dance ourselves sober  
No way we're leaving not 'til it's over  
And we won't stop  
Even when this buzz wears off

### CHORUS
