Well apparently I got the A.D. D
Well that may be true or youâ€™re just boring me
Iâ€™ve got no time for you, Iâ€™ve got a lot to do
You think youâ€™ve got me figured out but you
ainâ€™t got a clue
You friggin little know it all

CHORUS

Lifeâ€™s way to short to wait around for anyone
Thereâ€™s so much more left for me I havenâ€™t
done
I donâ€™t wanna waste on anything but wasting time
If only I could get back all my wasted time with you
Lifeâ€™s way to short, to blow it on you

All that you could see was what was wrong with me
Can we agree to just agree to disagree
Why you keep telling me you donâ€™t like Billie Jean
When itâ€™s clearly uh the greatest song in history
You friggin little know it all

CHORUS

Well let me dumb it down for you
My sweet little bugaboo
Roses are red as if you knew
And Iâ€™m just not that into you
Iâ€™m tired of feeling oh sad
Could really use a guy whoâ€™s rad
Iâ€™ve played your games and now Iâ€™ve won
For heavens sakes I think weâ€™re done

What else is there to say? I think we need a break
And if I donâ€™t see you again I guess itâ€™d be ok

CHORUS OUT
