This is so unexpected  
No way I can ignore  
Your secret indiscretion  
Just walked right through my door  
I can't believe I found you  
You're what I'm looking for  
I love to be around you  
What are we waiting for

#### CHORUS

I know I am addicted to you  
I know you are addicted too  
I know it won't be easy but then whatever is  
Although I'm far from perfect  
You fit me perfectly  
Your perfect, so perfect, perfect

Wish I could read your mind  
Cuz you're all that's been on mine  
I think about you always  
About you all the time  
Let's leave the past behind us  
Let's turn it all around  
Let's share every last moment  
The future, past and now

#### CHORUS

I know I am addicted to you  
I know you are addicted too  
I know it won't be easy but then whatever is  
Although I'm far from perfect  
You fit me perfectly  
Your perfect, so perfect, perfect for me  
Your perfect, so perfect, perfect

I can't believe I found you  
You're what I'm looking for  
I love to be around you  
What are we waiting for

#### CHORUS
