You lost a few tears to the ground  
in one painful motion  
While my apologies join your trust on the ground

You put your hand up to my mouth  
in one calming motion  
I heard no whispering but I felt every tear

Here are the sounds  
that will move you around  
slam your heart to the ground  
Let it go, let it go  
when I say  
I don't mean to betray  
Honey, don't say goodnight just yet

So honey, don't say goodnight  
How could it end like this  
I need you baby  
Please don't say goodnight just yet  
So honey, don't say goodnight  
How can I prove to you  
I'm sorry, baby  
Please don't say goodnight just yet

I said a few things only we  
should ever get to know  
I'm kicking myself, but I still don't know how you feel

Here are the sounds  
that will move you around  
slam your heart to the ground  
Let it go, let it go  
when I say  
I don't mean to betray  
Honey, don't say goodnight just yet

So honey, don't say goodnight  
How could it end like this  
I need you baby  
Please don't say goodnight just yet  
So honey, don't say goodnight

How can I prove to you  
I'm sorry, baby  
Please don't say goodnight just yet

Face first, I'm falling into you  
You got me, you got me  
Heart first, I'm coming after you  
Don't say goodnight

So honey, don't say goodnight  
How could it end like this  
I need you baby  
Please don't say goodnight just yet  
So honey, don't say goodnight  
How can I prove to you  
I'm sorry, baby  
Please don't say goodnight just yet
