Don't step from this room until I have  
With this sleeve of mine, dried your eyes  
Dear, we've gotta take this, we've gotta face it  
I won't go running out the door  
Leaving things to say allowing scabs to form, I won't

Don't step from my sight until I have  
Confessed my wrongs spoken of how you've hurt me  
Baby, we've gotta take this, we've gotta face it  
I won't go heading for relief  
Until the truth is heard and we're free  
Free to say, to say

We'll walk alone until resolution comes  
We'll walk alone all night if we have to  
We'll walk alone until resolution comes

So step into me  
Extend your arms past their place of rest  
My body's warmth is theirs  
Baby, I crave your touch, I want your lips on mine  
Don't bid me pleasant dreams, goodnight  
Leaving hands to long, allowing skin to cool, please  
don't

I step into you  
Extend my arms around your waist  
They fit your shape so well  
Dear, I crave your touch, I want your lips on mine  
Let's not go rushing any kiss  
Before each one sinks in and we're free  
Free to say, to say

We'll walk alone until resolution comes  
We'll walk alone all night if we have to  
We'll walk alone until resolution comes

Hold your hand in mine  
Hold your hand in mine  
Hold your heart next to mine

We'll walk alone

Alone

Until we're free to say, to say

We'll walk alone until resolution comes

We'll walk alone all night if we have to

We'll walk alone until resolution comes

We'll walk alone all night if we have to

Oh, we'll walk alone, we'll walk alone

We'll walk alone, we'll walk alone~Oh, we'll walk  
alone
