I've fought this now for way too long  
Makeup is wasteful, entirely  
But I've layered it thick and distasteful  
And I've exhausted the battle

For all it's worth I am convinced  
Love will never die

And now I belong to your love  
And love doesn't die  
And now I belong to your love  
And love doesn't die

I'll fight for love with no remorse  
To give up is wasteful, entirely  
I'll take on the cliffs and the caverns  
Until I've perfected the battle

For all it's worth I am convinced  
Love will never die

And now I belong to your love  
And love doesn't die  
And now I belong to your love  
And love doesn't die

I will never be broken  
For anyone but you my love  
I will never be broken  
For anyone but you my love

For all it's worth I am convinced  
Love doesn't die  
For all it's worth I am convinced  
Love doesn't die  
Love doesn't die

For all it's worth I am convinced  
Love doesn't die  
For all it's worth I am convinced  
Love doesn't die  
Love doesn't die
