

And The Elephants "Fine"

Now it's time, now it's time
Unfolding right in front of us tonight
Your denial, your denial
Kept folding all around my thoughts

But tonight
Suddenly it's clear that is your life or mine
So why don't you let me just go and I'll be just
fine
Won't you try?
Won't you?

This is time, now it's time
Folding all around
Ticking and shrinking and

Now it's time, now it's time
I'll lie to hide my hands grabbing the knife
Terrified, terrified
If you had know my hands grabbed on to the knife

Cause suddenly it's clear that is your life or
mine,
So tonight, I won't try, I won't fight anything
That has kept me from going out of your sight
Won't you try, Won't you try
And let me just go and you'll be just fine
Won't you try?
Won't you?
