Boy breaks formation
But gets back in the line
To study from the books they gave him
Boy breaks formation
He fell in love but had to let it go
To study from the books they gave him

Get some life
Get some life out life
Get some life
Get some life out of life

She's got a big fat ass
It's hard to even look at her
Off to work again
Get back in the line
Time to eat some shit again

Get some life
Get some life out life
Get some life
Get some life out of life

How can I fall in love with this world?
The fat ones are taking sugar through a tube
Take that meat off the floor
Put it back in the bread
Love her
Again
And again
And again

Get some life
Get some life out life
Get some life
Get some life out of life
