came out in a rage
rain had washed away
it was always my fault
beginner in a vault

and i projected it on you
my mind had become blue
but i'm here today
try another way

cause i was so confused
about me and you
it's clearer today
now that it's gone away hey hey

and i made a big stepÂ and took a big one back
i had to pick up a big long pool of slack
and i projected it on me
my mind was like a rollin' sea
but now you're not here today
but i go on anyway

and i was so confused
about me and you
it's clearer today
now that it's gone away hey hey

wrote it down like from a lost play
that never saw the light of day
i was just a little boy
playing with an ancient toy
and i projected it on we
and i didn't think that i could see
but now we're here apart and we got a new start

cause i was so confused
about me and you
it's clearer today
now that it's gone away hey hey

i was so confused
about me and you

it's clearer today
now that it's gone away hey hey
