Well I tried too hard to hide. And I learned that you canâ€™t win if you fight. So I pushed away everything that was right. You know I made a mistake. Forgive me tonight. I want you know I feel better today. And Iâ€™m so sorry to hurt you that way.

Iâ€™ve got this old fear of mine that ruins the day. And Iâ€™m just gunna say goodbye. Iâ€™m no longer your slave. It just takes a little time for it all sink in. I know that I screwed up, so where do I begin. Puts you right back at the start when everything was nice. It was one holy moment that changed my life. Still sits with me now, or very close by. I had the pain my face, and it dripped out your eye. Lord it broke my heart that I took it so far. Come a little closer baby, youâ€™re getting too far.
