It's a good thing all those books on my shelf
weren't made with human feelings
I've neglected them like I have you, but
They don't seem to mind, if I can't find the time
They just collect more dust along their spines, but
I know that ain't no good for you; So baby,
here's what I'm gonna do

CHORUS

I'm gonna read you every night, I'm gonna look
into your eyes
Tell you that I just can't get enough, and
We'll pull back the covers, and continue to be
lovers, and
Mabey someday they'll write a book about our love

Our love is like a mountain we must climb
We gotta stick together to reach the sky
I believe it was sent from up above, and
Nothing's gonna come between our love, cause
I'll

CHORUS

I'm gonna read you every night, I'm gonna look
into your eyes
Tell you that I just can't get enough, and
We'll pull back the covers, and continue to be
lovers, and
Mabey someday they'll write a book about our love

BRIDGE

Our love is precious and hard to find
Our love will stand the test of time, (PAUSE) 'cause

CHORUS

I'm gonna read you every night, I'm gonna look
into your eyes
Tell you that I just can't get enough, and
We'll pull back the covers, and continue to be
lovers, and
Mabey someday they'll write a book about our love
