I've seen fallen angels fly  
Sometime late at night  
when the medicine was right

And i've seen oceans in the sky  
from all the tears that the angels cried  
tryin' to understand "why"?

Down at Bruno's  
They're mixin' cocktails  
Fabled losed piss & moan  
into sunrise  
'til the dark dies  
and they all  
face the light alone

Have a seat  
Take a stand  
Don't you need to just relax  
What do ya need?  
What's the program  
Cuz i need more than just the facts, ma'am

Cuz i've seen crumpled heart so dried  
the tears got in my eyes  
Forced me to cry  
And i've watched hatred like a cloud  
Lift up an entire crowd  
Can you imagine just how loud?

And if i could tell you just one thing, i would  
if i thought it could  
do you any good  
but i'm not so sure myself  
i just know we all need help  
to get us through this world

And down at Bruno's  
They're mixin' cocktails  
Fabled losers piss & moan  
into sunrise  
'til the dark die

and they all  
face the light alone

They all face the the light alone

We all face the light alone
