Come lay with me,
And look at the stars,
In the beauty of the skies,Â

Maybe,
We can share fantasies,
In the midst of mystery,
As we light up like two fireflies,

Darling,
Let our voices play,
Through the night and into day,
Like the chirping of a blue jay,

Let's explore euphoria,
And the joy of summertime,
Let us write a historia,
And revel in the limelight,

You are the sunshine on my face,Â
That makes me feel so good inside,
You bring me joy and so much grace,
Like a lark and it's lullabyÂ

The way you turn my emotions,
Brings me to such uncharted highs,
You fill me with happiness,
When you are close and nigh

Dearest,
Let our minds set sail,
Into the sea of darkness,
As I prevail,

For it is you,
Who is a dream come true,
A chanty of bliss,
That makes me feel so new

I yearn,
To be by your side,
To feel the power,

Let's explore euphoria,
And the joy of summertime,
Let us write a historia,
And sing along like it's our pastime,

You are the sunshine on my face,
That makes me feel so good inside,
You bring me joy and so much grace,
Like a lark and it's lullaby

The way you turn my emotions,
Brings me to such uncharted highs,
You fill me with happiness,
When you are close and nigh
