

Angel Haze "Hot Like Fire"

Visit "[Hot Like Fire](#)" on [MotoLyrics.com](#)

I don't write love songs
But I write a maze for you
I got a lot to say, you ain't shit pretends to you
A different set in stepped that to hell or heaven
And your mind is a tool
But your body's a lethal weapon
I see you and break a sweat
Then get near you and chase my breath
And I hate it when you gone
Cause I feel like there's nothing left
Yeah, cause I want the shit forever
I stay with your image, cause I picture us together
Nothing particular, I picture us whatever
On the couch in the kitchen, shit I picture us on shuffle
It's a whole lot that I don't know about you
But I'm willing and the lyrics in this song about you

Got something that you can't resist it
One shot,... and listen
You can't resist
In case, in case, in case

In your eyes where I hold you
Find my forever, see I hope to be the wait
That decide ours forever
I hope to be the chains that bind us together
And you always change, remind in the weather
Pay no mind to the motherfucking lies that they tell us
Got a head in the clouds like wind and propellers
And we're never coming down nah, never coming down
Got you on that callie bud, you forever coming ground
Yeah you put it down, hell yeah you put it down
Like the music hot as hell like drowning out the sounds
Of the voices from behind, all the voices in your mind
And you'll never come between us, cause I'm voicing at
the time like

Got something that you can't resist it
Get you higher
One shot,... and listen
You can't resist
In case, in case, in case

I don't wanna get caught up in the feeling of it all
I wanna go till I hit the ceiling of it all
Should kiss me like I'm different
Like the party you're dismissing
Reappeared when I popped up, flier than a flock up
Sometimes I ask how can my pain can escape me
Think to my thoughts got nowhere to take me
And you always make me question whether this will
ever work
Or if it's just a game, or who got hurt the other first,
huh

Got something that you can't resist it
Get you higher
One shot,... and listen
You can't resist
In case, in case, in case x 2
