[Intro]

Ohh baby, baby

[Verse 1]

It's about that time  
That I found my one and only  
It's about that time  
That I found the right girl for me  
She's finally mine  
And I thank God for her everyday  
(Ohh yeah yeah)  
She holds me down  
And lets me know when I get too crazy  
She's always down  
My ride or die yeah that's my baby  
I'm tellin' you now  
I thank God for her everyday  
(Ohh)

[Pre-Chorus]

And I can't forget  
The first time we met  
The feeling's still there and they're gettin' stronger  
Let's keep that flame  
Even through the rain  
Let me love you a lifetime longer

[Chorus]

So shine on for me baby  
Show 'em all why  
I'm that lucky guy  
To have you in my life  
So shine on for me baby  
My own shinin' star  
A piece of my heart  
We ain't ever gonna part  
So shine on and on (baby, baby)  
Shine on and on (baby, baby)

[Verse 2]

Now through our fights  
We grow closer by the minute

The test of time  
Just shows me that with her I'm winnin'  
She's so fly  
And so sexy in every way  
(Yeah, yeah)

[Pre-Chorus]  
And I can't forget  
The first time we met  
The feeling's still there and they're gettin' stronger  
Let's keep that flame  
Even through the rain  
Let me love you a lifetime longer

[Chorus]  
So shine on for me baby  
Show 'em all why  
I'm that lucky guy  
To have you in my life  
So shine on for me baby  
My own shinin' star  
A piece of my heart  
We ain't ever gonna part  
So shine on and on (baby, baby)  
Shine on and on (baby, baby)

[Bridge]  
Oh oh ohh  
You got my feelin' so good inside (inside)  
When I'm with you everything wrong turns right (turns right)  
We're up in the clouds floatin' so high  
So shine (yeah)

[Chorus]  
So shine on for me baby  
Show 'em all why  
I'm that lucky guy  
To have you in my life  
So shine on for me baby  
My own shinin' star  
A piece of my heart  
We ain't ever gonna part  
So shine on and on (baby, baby)  
Shine on and on (baby, baby)

[Outro]  
So shine on and on, on and on, on and on (baby, baby)  
Shine on and on, on and on, on and on (baby, baby)
