You coward
I've got no pity for you
I've had enough of your stupid lies
All I want is your face down to the floor

I see you're loosin' control
And bow your head each time they want
Such a good doormat
You've got no self-esteem
You live your days without a dream
Where are your ideals?

Stop! Scream your name!
You're not an all-able slave
Just open up your eyes
Don't hold back your hate
Show us your best trait
Just open up your mind

You said nobody would
Have ever walked all over you
So many lies
What do you see
When you look at yourself in the mirror?
I see a scary man
Lost in his fears

All I want is your remission

Stop! Scream your name!
You're not an all-able slave
Just open up your eyes
Don't hold back your hate
Show us your best trait
Just open up your mind

You coward
I've got no pity for you
You just can't get enough
