Listen to me
I can't wait to see you
I can't wait to be you
I can't wait

The blame's on me
I can't wait to meet you
I can't wait to see you
I can't wait

Waiting's what we do
Not enough to give enough to you
Wish there was a place we remained since
A place where we could rest and we would know

The blame's on me
I can't wait to be you
I can't wait to feel you
I can't wait

Listen to me
I can't wait to see you
I can't wait to be you
I can't wait

It shouldn't take so long
Something that's so real to come along
I feel the
I can't pay the price
That don't make it right
I'm here alone

What's left of me
I can't wait
I'm done here
And won't stay
Longer
And I can't wait

Listen to me
Is it right to be here

I can't fight
Can't win on my ground

Pain is what we do
Got enough to make some more for you
I can take so much before I bleed
Knowing what's the stake is all I do

Listen
Listen to me
