"Perfect Fingers"

You're a wild one
I like your smile
You do amazing things
And I can't believe you're everything

You've got perfect fingers
A velvet voice
Your eyes hold the key
And I can't believe you can see

Please hold me
Please know me
And know everything
Everything

Do you understand
You're a wise man
I feel happy when
You talk about most anything

With those perfect fingers
You've touched my heart
And you give me strength
When we're apart

Please hold me
Please know me
And know everything
It's all right here

You've got perfect fingers
And they've touched my heart
Oh they give me strength
To be apart

Please hold me
Please know me
It's all right here
It's all right here.

Please hold me

Please show me
Everything, Everything
