been through and through this  
i know just how it goes  
you'll have no idea  
you'll have no need to know  
cuz i will make your body  
grow wings and take flight  
i will erase sound  
i will erase light  
and this vague little smile  
is my all-purpose expression  
the meaning of which  
i'll leave to your discretion

my distraction's my defense  
against a lack of inspiration  
against a slow leak deflation  
the further the horizon  
the more it holds my gaze  
and the foreground's out of focus  
but you know i kinda hope it's just a phase
