you keep telling me i'm beautiful  
but i feel a little less so each time  
your love is so colorful  
it flashes like a neon sign  
but i finally drove out where  
the sky is dark enuf to see stars  
and i found i missed no one  
just listening to the swishing of distant cars

i hope i never see  
the ocean again  
pushing and pulling at me  
as i go deeper and deeper in  
til i'm so far from my shore  
so far from what i came here for  
i let you surround me  
i let you drown me  
out with your din  
and then i learned how to swim

i was floating above myself  
watching her do just what you wanted  
poor little friendly ghost  
wondering why her whole house feels haunted  
i told myself i was strong enuf  
that i had plenty of blood to give  
and each elbow cradled a needle  
but listless and faint ain't no way to live

so i hope i never see  
the ocean again  
pushing and pulling at me  
as i go deeper and deeper in  
til i'm so far from my shore  
so far from what i came here for  
i let you surround me  
i let you drown me  
out with your din  
and then i learned how to swim

you keep telling me i'm beautiful

but i feel a little less so each time  
your love is so colorful  
it flashes like a neon sign  
but i finally drove out where  
the sky is dark enuf to see stars  
and i found i missed no one  
just listening to the swishing of distant cars
