Love, love, love, love
Love me
Love, love, love, love
Love, come on

Love, love, love, love
Love me come on
Love, love, love, love
Love, come on

I got a fever of a hundred and five
My heart is beatin' but I'm barely alive
And you're the reason that I'm feelin' this way
Tonight I'll be like the devil 'cos I'm ready to play

You take my breath away, you make me so hot
So come on over, gimme all that you got
I'll show you all the different ways we can dance
And once we start there's no stoppin' so give it a chance

I've got a feelin' so strong
Let's do it all night long

Come on and love me, love me
Keep doing what you're doing
Baby don't stop now

Come on and love me, love me
Keep doing what you're doing
Baby don't stop now

You make me shiver now you're making me shake
Well they don't make a pill to cure where I ache
The only doctor that can heal me is you
So come and fill my prescription, you know just what to do

When we make love, it's so strong
Let's do it all night long

Come on and love me, love me

Keep doing what you're doing
Baby don't stop now

Come on and love me, love me
Keep doing what you're doing
Baby don't stop now

They say it's bad but it feels so good
Yeah it feels so good
Touch me like that just like you should

Love, love, love, love
Love me
Love, love, love, love
Love me

Love, love, love, love
Love me
Love, love, love, love
Love me

I've got a feelin' so strong
Let's do it all night long

Come on and love me, love me
Keep doing what you're doing
Baby don't stop don't stop now

Come on and love me, love me
Keep doing what you're doing
Baby don't stop now

Come on and love me, love me
Keep doing what you're doing
Baby don't stop now

Come on and love me, love me
Keep doing what you're doing
Baby don't stop now

Come on and love me, love me
Keep doing what you're doing
Baby don't stop now

Come on and love me, love me
Keep doing what you're doing
Baby don't stop now

Love, love, love, love
Love me
