Verse 1:

I never get enough I'm easily bored
So keep it comin' or I'll head for the door
Give me more...Give me more....Give me more...

I drink Cristal champagne it's only the best
I sit in V.I.P, I'm above the rest
Give me more...Give me more....Give me more...

Tonight, I came here ready to play
Don't you try to get in my way
I'll be in control of the floor
Give me more, Give me more, Give me more

Chorus:

I want to move now
Want everybody to know
I'm here to rule now
I came to take control
Do what I do now
And you will be satisfied
And you will be satisfied
Uh uh dance all night

Verse 2:

Well I got my own money, I can't be bought
Those are the rules of the game
Men must be taught
Give me more, Give me more, Give me more...

I know that everybody wants to be me
But there is more to me than the eye can see
Oh much more, Oh much more, Oh much more...

I don't give but I can take it
I just want a man to make it
Someone who won't make me fake it
Who'll give me more, give me more, give me more...

Chorus:

I want to move now
Want everybody to know
I'm here to rule now
I came to take control
Do what I do now
And you will be satisfied
And you will be satisfied
Uh uh dance all night

Bridge:

I'm just a sexy girl
With men around the world
Champagne and caviar
Hotels and fancy cars

I never get enough I'm easily bored
So keep it comin'
Give me more...Give me more....

Chorus:

I want to move now
Want everybody to know
I'm here to rule now
I came to take control
Do what I do now
And you will be satisfied
And you will be satisfied
Uh uh dance all night
