Why did I run away?
I didn't get nowhere.
Why did I run away?
My remorse rips and tears.
Stupid as I could get.
I didn't see it yet.
So why did I run away from you?

Shadows, keep away from my window view.
And sunrise, hurry on cause I don't have time.
I gotta find my girl.

Why did I run away?
If it was up to you.
Would you let me stay? Would it matter to you?
I'm sorry as I can be.
I never meant to flee.
So why did I run away from you?
Shadows, keep away from my window view.
Sunrise, hurry on cause I don't have time.
I gotta find my girl.
Yeah..

Stupid as I could get.
I didn't see it yet.
So why did I run away from you?

Baby, seems like years since I saw your face.
And maybe, imagine you'll never ever leave a trace.
So shadows, keep away from my window view.
I gotta find my girl.
Find my girl!
