VERSE

We see the river there, flowin southward toward the
city
Little sailboats sailin on, into the evening flame
Hearin waves crashin on, on the shoreline down below
me
They singin a sad song, with a sadder name
Takin leaves from the tree, and we loadin up the gun
now
But I don't care at all, so crank up the sun now

CHORUS

Light me up, light me up
Burnin me down to the ground
Light me up, light me up
Bring it up and sing it loud
Light me up, light me up
Light me up, light me up

VERSE

We sittin on the sand, watchin bad times slide on by
Little sailboats sailin on, into the evening flame
Hear waves crashin on, on the shoreline down below
me
They sing a sad song
but we keep goin on
so crank up the sun now

BRIDGE

Why do they come, and then go away
When the day is done
Lost at sea if they can not find their way
They just keep on goin on and on so crank up the sun
now

CHORUS
