"Who Maimed You"

Visit "[Who Maimed You](#)" on MotoLyrics.com

Concerning you I am broken. I try not to be seen.
Sometimes I wish I could open your head in bed when
you dream.
And even if itâ€™s all my love it could never be
enough.
Of that Iâ€™m very well aware. I hate the monster who
maimed you.
I hate his ugly guts. I built an army to kill him but they
donâ€™t have enough strut.
And even if it were true love it could never be enough.
And I know what youâ€™re thinking honey. Iâ€™ve read
books about the devil too.
And I know that itâ€™s tempting honey to think itâ€™s
he who directs our shoes.
For some things thereâ€™s no comfort honey. A these
days Iâ€™ve had a lot to lose.
