Day by day, I'm betraying my soul
Everything is on the brightness of your eyes
When she disappears, I can only lie

Now that you're in my world,
I feel I'm losing this fight
I can't get back my breath,
I just wanna die

In the darkness feel the dance of eternity
Falling into the cruel and merciless
Embrace of Death

An ethereal figure is standing before me
She said me quietly: Don't be afraid
A sense of horror busted me
She took my hand and I saw her face

Running away from you
'cause I know who you are
Singing a sweet lullaby
I don't wanna die

In the darkness feel the dance of eternity
Falling into the cruel and merciless
Embrace of Death

I'm drowned in this dream
Within the shadows of my soul
Please take me over through darkness in paradise
I'm drowned in this world
Within the voids of my thoughts
Don't call my name
'cause I'm not ready for this trip

Taking me to the end
'cause I stopped carrying
And the darkness turned to pain

In the darkness feel the dance of eternity
Falling into the cruel and merciless
Embrace of Death
Dancing with the death

I felt I was in a trance
There isn't a prayer to avoid the embrace of Death.
