"Draw You Over"

The more I'm getting old
This town is getting small
So slow
Where every passion's weak
Now I can see their leaks
Oh no, I'm on a wrong road
I lose control
I believe I can fly
I'd breathe ozone, I'd fill my lungs up
But still I'm stuck in here

Free to say "We will make it"
Open roads to the skyline
It only takes a moment
We decided to go
That's what we aim for our life
Want to draw you over
Still we say "We will make it"

This all is taking form
It's spinning like a storm
Things change
We're going desperate ways
We're seeking separate ways right now
I break free
On the road, I'm taking control
Now I know that I can fly
I'm breathing ozone, filling my lungs up
The ceiling ain't so close
The ceiling won't be close

Free to say "We will make it"
Open roads to the skyline
It only takes a moment
We decided to go
That's what we aim for our life
Want to draw you over
Still we say "We will make it"

We will make it right

Don't let the time go by

Cause you're not playing chess
Every single moment spent
Will you realize it's a mess?
Bleeding it out to watch you go
Sweating it out to let you come
I do know you'll make the difference
I know

Free to say "We will make it"
Open roads to the skyline
Free to say "We will make it"
Open roads to the skyline

We're free to say "We will make it"
Open roads to the skyline
It only takes a moment
We decided to go
That's what we aim for our life
Want to draw you over
Still we say "We will make it"
