And I wanted to tell you
That I've got the answer
But I've got to get it straight
I've got to get it straight
Get it straight

Trouble makers
And I had to save us
They won't ever bring us down
No matter what they say
I'll stick around

Won't let you down
Won't let you down
Won't let you down

Cos it's you and me against the world
Invincible for what it's worth
I told you that your secret's safe with me
Because it's you and me against the world
Invincible for what it's worth
I promise that your secret's safe with me
I'm gonna waste your time forever
Because it's you and me against the world

When I'm alone with you
And I can walk on the water too
And I can't wait to see your face
Even though they think we're playing games
I know you

Won't let you down
Won't let you down
Won't let you down

Cos it's you and me against the world
Invincible for what it's worth
I told you that your secret's safe with me
Because it's you and me against the world
I just can't help myself I know
I cover all the exits that you leave

I know I'm gonna
I'm gonna waste your time forever
I'm gonna waste your time you'll see
I'm gonna waste your time forever
Because it's you it's you and me
It's you and me against the world
