Hey baby nice to meet you, my name Ap
Better you call me Willy
... I told her that I'm officially
Killing shit making history
And I'm trying to do it all, with her intact
She questioning what my angle is
I look at her like damn I see what an angel is
She feel flattered, but not impressed
I'm talking a lot of mess, can you ask me a question
Yes, she said please do not ...me with this bullshit
What you gonna get is very different from what you
could get
Yeh I am a virtuous woman on Sunday
But I like ... flowing from my Saturday to Monday
You could have it one way, your way tell me
Treat me like you want me, raw way...
Make me understand you, make me wanna marry you,
ok
Don't you wanna touch me, love me, ...

I wish everything light skinned girl acted just like Pinky
Cause I can't ask like this is what I'm not thinking
I'm trying to be inside you girl butnot kicking
Diving in nose deep call it scot pimping
You got a lot thicker than I recollected
Hope you catch my suggestion, cause there's no
success
Your ass and all that waist going to waste
She said ... takes, is just a taste
I'm like, oh that's cool, I'm digging you
All that drool that you too,
We can keep it mutual, down right nasty
Down to the ...next day you go to work
Late ... in your cubical
Playing with your pussy reading e mails
Keep texting me what I do to you
No reply, ... now she like I owe you, pretty bitch I ...

I wanna be inside your secret garden
Me and you eating fruit cause we're both starving
And you can be my rib like the first solid
Strike you down on that as...

And I ain't really nothing like these rap guys
Lay me down in your waters, leave me baptized
And I won't push you forward, I won't hold you back
Lift a friend down forward, I can know that, know that.
