You thought it best that we both spend some time on
our own

So I made it seven state lines my first day gone

I spent two months tryin' to find somewhere

But you don't find me there

CHORUS:

Baby gone ain't far enough

Cause I still feel your touch

Two thousand miles and I still got you under my skin

Baby I thought you set me free

But you're still here with me

Night after night, no matter where I run

Even gone ain't far enough

You're every voice that I hear, every face I see

It's like trying to hide from the very air that I breathe

I hate to admit it, but I'm afraid it's true

There's nowhere over you

CHORUS (2x)

Far enough

No it ain't far enough
