When you kissed me
And whispered goodnight
I started feelin the rest of my life
I can't believe that
Just from your lips
That i surrendered
I couldn't resist

I'll make a wish
What else can i do
And hope you feel me like i'm feelin you

oh baby, I wish i may
I wish i might
Have just one more kiss
That's what i wish tonite
If you make all my wishes come true
I'm wishing on you

come to my window
i'll leave on the light
I just have to see you
To kiss you goodnight
It feels like heaven
When i look in your eyes
And when you touch me
I shiver inside
So i'll make a wish
What else can i do
And hope you need me like i'm needing you

I wish i may
I wish i might
Have just one more kiss
That's what i wish tonite
If you make all my wishes come true
I'm wishing on you

I'll make a wish
What else can i do
And hope you feel me

Do you feel me
Like i'm feelin you

I wish i may
I wish i might
Have just one more kiss
That's what i wish tonite
If you make all my wishes come true
I'm wishing on you

i wish i may
i wish i might
have the wish i wish tonight
i wish i may
i wish i might
